TIER RANKING SYSTEM

Overview Each school with available data is placed into one of three Tiers based on its academic performance—Tier 1 (Top Performers), Tier 2 (Middle Performers) or Tier 3 (Low Performers). A school's Tier rank is determined by the number of Key Performance Indicators (KPI) it met or exceeded within the Academic Performance Framework. Elementary and Middle schools are evaluated separately from High schools. A school serving both elementary and secondary grades will be given two Tier ranks, one for their elementary grades and one for their secondary grades.

Key Performance Indicators (KPI)	*For Elementary Grades (K-8)*	*For Secondary Grades (9-12)*
LAL & Math scores are averaged for all relevant KPI	1. Absolute Performance on NJASK 2. District Comparison on NJASK 3. Student Growth on NJASK 4. Peer Rank on NJASK	1. Absolute Performance on banked HSPA 2. District Comparison on banked HSPA 3. Graduation Rate 4. Peer Rank on banked HSPA

Tier Requirements	*For Elementary Grades (K-8)*	*For Secondary Grades (9-12)*
Tier 1 Schools Falling Far Below the target on any KPI cannot attain Tier 1 status	**Option 1**: Meet or Exceed the target in Absolute Performance **Option 2***: Meet or Exceed the target for all 3 of the following KPI: Comparative Performance, Student Growth & Peer Rank	**Option 1**: Meet or Exceed the target in Absolute Performance **Option 2***: Meet or Exceed the target for all 3 of the following KPI: Comparative Performance, Graduation Rate & Peer Rank
Tier 2	Meet or Exceed the target in 2 of the following 3 KPI: Comparative Performance, Student Growth & Peer Rank*	Meet or Exceed the target in 2 of the following 3 KPI: Comparative Performance, Graduation Rate & Peer Rank*
Tier 3	Meet or Exceed the target in 1 or fewer of the following 3 KPI: Comparative Performance, Student Growth & Peer Rank	Meet or Exceed the target in 1 or fewer of the following 3 KPI: Comparative Performance, Graduation Rate & Peer Rank

*For schools that do not have available data such as Peer Rank or SGP, 1 fewer target is required

*Cohort Performance reflects the performance of grade levels across years. For example, a cohort consists of students who were in grade 3 in 2012-13 and grade 4 in 2013-14. This definition of cohort does not take into account student mobility, e.g. those who enter or exit the school, nor does it take into account student retention. For this reason, these cohort figures should not be considered definitive.
